

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Cobbins
DOCKET NO.: 18-41576.001-R-1
PARCEL NO.: 29-30-402-059-0000

The parties of record before the Property Tax Appeal Board are Richard Cobbins, the appellant, by attorney Peter D. Verros of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,706
IMPR.: \$13,477
TOTAL: \$15,183

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 2,352 square feet of living area. The dwelling is approximately 55 years old and features a concrete slab foundation. The property has a 5,250 square foot site and is located in East Hazel Crest, Thornton Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis and property characteristic printouts of the subject and four equity comparables that are located from 2.6 to 9.6 miles from the subject property. The comparables are improved with class 2-11, two-story multi-family dwellings of masonry or frame exterior construction ranging in size from 2,198 to 2,530 square feet of living area. The dwellings range in age from 56 to 124 years old. Each

comparable has a full basement, one of which has finished area. Comparable #2 has a fireplace and comparable #3 has a 2-car detached garage. The comparables have improvement assessments that range from \$8,946 to \$10,294 or from \$4.03 to \$4.07 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$9,549 or \$4.06 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,183. The subject property has an improvement assessment of \$13,477 or \$5.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood code and block as the subject property. The comparables are improved with class 2-11, two-story multi-family dwellings of masonry exterior construction, each with 2,352 square feet of living area. The dwellings are 55 or 57 years old. Each comparable has either a crawl space or a concrete slab foundation and a 2-car or a 2.5-car garage. Comparable #4 has one fireplace. The comparables have improvement assessments that range from \$14,890 to \$14,949 or from \$6.33 to \$6.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their distant locations being more than 2 miles from the subject with the furthest being 9.6 miles away and/or their considerably older ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the comparables submitted by the board of review, which are identical to the subject in dwelling size and design, and similar to the subject in location and age. However, the Board finds these four comparables each have a garage, not a feature of the subject, suggesting downward adjustments would be required to make the comparables more similar to the subject. Nevertheless, the comparables have improvement assessments that range from \$14,890 to \$14,949 or from \$6.33 to \$6.36 per square foot of living area. The subject's improvement assessment of \$13,477 or \$5.73 per square foot of living area falls below the range established by the best comparables in the record but appears to be justified given its lack of a garage. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
