

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janis Elmore
DOCKET NO.: 18-41846.001-R-1
PARCEL NO.: 27-26-309-001-0000

The parties of record before the Property Tax Appeal Board are Janis Elmore, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,200
IMPR.: \$18,032
TOTAL: \$22,232

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 31-year old, multi-level, single-family dwelling of frame and masonry construction with 1,478 square feet of living area. Features of the home include: a partial basement, formal recreation room, warm air heating, air conditioning, and a two-car attached garage area. The property has a 9,334 square foot site and is located in Orland Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. They were improved with multi-level, single-family dwellings of masonry and frame construction. The improvements ranged: in age from 31 to 39 years; in size from 1,397 to 1,590 square feet; and in improvement assessment from \$10.45 to \$11.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,232. The subject property has an improvement assessment of \$18,032 or \$12.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables located on the same block of the subject. They are improved with multi-level, single-family dwellings of frame and masonry construction. The improvements were all 32 years of age and ranged: in size from 1,410 to 1,667 square feet of living area; and in assessment from \$13.39 to \$14.54 per square foot. Amenities include: a partial basement with a formal recreation room, air conditioning and no air conditioning, fireplace and no fireplace and a two-car attached garage area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the board of review's comparables #1, #2 and #3*. They had improvement assessments that ranged from \$13.39 to \$14.54 per square foot of living area. The subject's improvement assessment of \$12.20 per square foot of living area falls below the range established by the best comparables in this record. The remaining properties were accorded diminished weight due to a disparity in location, exterior construction, size and/or amenities. Based on this record, the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
