

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeff Mrozek  
DOCKET NO.: 18-42537.001-R-1  
PARCEL NO.: 32-29-423-020-0000

The parties of record before the Property Tax Appeal Board are Jeff Mrozek, the appellant, by attorney Peter D. Verros, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$859  
**IMPR.:** \$10,120  
**TOTAL:** \$10,979

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story multi-family dwelling of frame exterior construction with 1,760 square feet of living area. The dwelling is approximately 109 years old. Features of the home include a full unfinished basement. The property has a 3,125 square foot site and is located in South Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on four equity comparables located in a different neighborhood code than the subject and from 1 to 2.9 miles from the subject. The comparables were improved with either 1.5-story or 2-story class 2-11 multi-family dwellings of frame exterior construction that range in age from 87 to 139 years old. Each comparable has a full unfinished basement. Two comparables each have central air conditioning and one comparable has a 2-car garage. The dwellings range in size from 1,424

to 1,981 square feet of living area and have improvement assessments ranging from \$3,908 to \$5,842 or from \$2.55 to \$3.02 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$4,893 or \$2.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,979. The subject property has an improvement assessment of \$10,120 or \$5.75 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code, same block or ¼ of a mile from the subject. The comparables were improved with either 1.5-story or 2-story class 2-11 multi-family dwellings of frame exterior construction that range in size from 1,379 to 2,034 square feet of living area and range in age from 110 to 124 years old. Each comparable has a full unfinished basement. One comparable has a fireplace and three comparables each have either a 1-car, 2-car or 2.5-car garage. The comparables have improvement assessments that range from \$10,506 to \$13,181 or from \$6.00 to \$8.35 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to differences from the subject in dwelling size, age, design and/or distances of over 1 mile from the subject. The board gave less weight to the board of review comparable #1 for its dissimilar design and/or smaller dwelling size when compared to the subject.

The Board finds that the best evidence of assessment equity to be the board of review comparables #2, #3 and #4. These comparables are most similar to the subject in location but have varying degrees of similarity when compared to the subject in dwelling size, age, and features. These comparables have improvement assessments that range from \$10,506 to \$13,181 or from \$6.00 to \$6.84 per square foot of living area. The subject property has an improvement assessment of \$10,120 or \$5.75 per square foot of living area, which falls below the range established by the best comparables contained in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
