

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis  
DOCKET NO.: 18-42763.001-R-1  
PARCEL NO.: 32-03-334-023-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,815  
**IMPR.:** \$7,041  
**TOTAL:** \$8,856

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,188 square feet of living area. The dwelling is approximately 46 years old. Features of the home include a crawl space foundation and a one-car garage. The property has a 6,600 square foot site and is located in Glenwood, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis and property characteristic sheets for the subject and four comparable properties. The comparables have the same assessment neighborhood code as the subject and are located within .7 of a mile from the subject property. The comparables are improved with class 2-03 one-story dwellings of frame exterior construction ranging in size from 1,119 to 1,270 square feet of living area. The

dwellings range in age from 60 to 66 years old. One comparable has a crawl space foundation and three comparables each have a full basement that is unfinished. Two comparables have central air conditioning, one comparable has a fireplace and three comparables each have two-car garages. The comparables have improvement assessments that range from \$4,830 to \$5,903 or from \$4.32 to \$4.85 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$5,370 or \$4.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,856. The subject property has an improvement assessment of \$7,041 or \$5.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparable properties with the same assessment neighborhood code as the subject and located on the same block or within .25 of a mile from the subject property. The comparables are improved with class 2-03 one-story dwellings of frame exterior construction ranging in size from 1,130 to 1,293 square feet of living area. Each dwelling is 46 years old. One comparable has a partial basement with finished area and three comparables each have either a crawl space or a concrete slab foundation. One comparable has central air conditioning and each comparable has either a one-car or a two-car garage. The comparables have improvement assessments that range from \$6,769 to \$8,066 or from \$5.99 to \$6.29 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables due to their older dwelling ages and/or dissimilar foundation types when compared to the subject dwelling. The Board has given reduced weight to board of review comparable #2 as it has central air conditioning and board of review comparable #4 as it has a basement, neither of which are features of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #3, which are overall most similar to the subject in location, dwelling size, design, age and features. The comparables have improvement assessments of \$7,671 and \$8,066 or \$6.29 and \$6.24 per square foot of living area, respectively. The subject's improvement assessment of \$7,041 or \$5.93 per square foot of living area is less than the two best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
