

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis  
DOCKET NO.: 18-42766.001-R-1  
PARCEL NO.: 32-25-410-014-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$1,980  
**IMPR.:** \$3,216  
**TOTAL:** \$5,196

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame exterior construction with 1,120 square feet of living area. The dwelling is approximately 60 years old. Features of the home include a concrete slab foundation, central air conditioning and a 1.5-car garage. The property has a 7,200 square foot site and is located in Sauk Village, Bloom Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis and property characteristic sheets for the subject and four comparable properties. The comparables have the same assessment neighborhood code as the subject and are located within .8 of a mile from the subject property. The comparables are improved with class 2-03 one-story dwellings of frame

exterior construction ranging in size from 1,103 to 1,398 square feet of living area. The dwellings are 39 to 122 years old. Two comparables each have a concrete slab foundation and two comparables each have a basement, one of which has finished area. Three comparables each have a 2-car garage and comparable #4 has central air conditioning. The comparables have improvement assessments that range from \$262 to \$1,422 or from \$0.24 to \$1.05 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$1,646 or \$1.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$5,196. The subject property has an improvement assessment of \$3,216 or \$2.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same neighborhood code and same block as the subject property. The comparables are improved with class 2-03 one-story dwellings of frame exterior construction ranging in size from 1,012 to 1,344 square feet of living area. The dwellings are either 59 or 60 years old. Each comparable has a concrete slab foundation and either a 1.5-car, a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$3,194 to \$5,204 or from \$2.98 to \$3.87 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparable #1 which appears to be an outlier due to its considerably lower improvement assessment of \$0.24 per square foot of living area in relation to the improvement assessments of the remaining comparables in the record. The Board has also given less weight to the appellant's comparables #2, #3 and #4, as well as board of review comparable #1 due to their larger dwelling sizes when compared to the subject. Furthermore, the appellant's comparable #2 is older in dwelling age and lacks a garage; appellant's comparable #3 has a basement foundation; and appellant's comparable #4 is newer in dwelling age and has a finished basement, when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2, #3 and #4, which are most similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments ranging from \$3,194 to \$3,712 or from \$2.98 to \$3.67 per square foot of living area. The subject's improvement assessment of \$3,126 or \$2.87 per square foot of living area falls below the range established by the best

comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
