

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ron Plonis  
DOCKET NO.: 18-42769.001-R-1  
PARCEL NO.: 32-25-315-024-0000

The parties of record before the Property Tax Appeal Board are Ron Plonis, the appellant, by attorney Peter D. Verros, of Verros Berkshire, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,537  
**IMPR.:** \$25,806  
**TOTAL:** \$30,343

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story, multi-family dwelling of masonry exterior construction with 6,372 square feet of living area. The dwelling is approximately 39 years old. The home has a concrete slab foundation. The property has a 16,500 square foot site and is located in Sauk Village, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables, one of which has the same neighborhood code as the subject. Three comparables are located from 4 to 6.2 miles from the subject. The comparables are described as class 2-11, two-story or three-story multi-family dwellings of masonry exterior construction that range in size from 5,000 to 6,372 square feet of living area. The dwellings are 39 to 93 years old. One comparable has a

concrete slab foundation and three comparables have full basements, one has an apartment. The comparables have improvement assessments ranging from \$14,362 to \$24,207 or from \$2.87 to \$3.80 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,665 or \$3.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment of \$30,343. The subject has an improvement assessment of \$25,806 or \$4.05 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same neighborhood code as the subject. The comparables are described as class 2-11, three-story multi-family dwellings of masonry or frame and masonry exterior construction that range in size from 6,372 to 6,760 square feet of living area. The dwellings range in age from 35 to 39 years old. The comparables have concrete slab foundations. The comparables have improvement assessments ranging from \$25,807 to \$27,513 or from \$4.05 to \$4.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject. The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight equity comparables for the Board's consideration. The Board gave less weight to appellant's comparables #1, #2 and #3 due to their distant location, smaller dwelling size, dissimilar foundation and/or older age when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with the board of review comparables which are most similar to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$24,207 to \$27,513 or from \$3.80 to \$4.14 per square foot of living area. The subject has an improvement assessment of \$25,806 or \$4.05 per square foot of living area, which is within the range established by the best comparables in this record. Based on this evidence, the Board finds the appellant did not prove by clear and convincing evidence that the subject was inequitably assessed and therefore, a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
