

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Zimmerman
DOCKET NO.: 18-42834.001-R-1
PARCEL NO.: 14-32-407-018-0000

The parties of record before the Property Tax Appeal Board are Thomas Zimmerman, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,000
IMPR.: \$92,312
TOTAL: \$125,312

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3,000 square foot parcel of land improved with two improvements. Improvement #1 is a 131-year old, three-story, multi-family dwelling of masonry construction with 2,599 square feet of living area. Improvement #2 is a 131-year old three-story, multi-family dwelling of masonry construction with 1,682 square feet of living area. The property is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity for both improvements as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables for each improvement. The appellant refers to Improvement #1 as Line Item #2 and provides five comparables. The appellant refers to Improvement #2 as Line Item #3 and utilizes the same five PINs as comparables. Based on this evidence the appellant is requesting a total assessment for

the subject of \$109,287; or \$46,314 for Improvement #1/Line Item #2 and \$29,973 for Improvement #2/Line Item #3.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,312. The subject property has an improvement assessment of \$92,312 or \$21.56 per square foot of living area. In support of its contention of the correct assessment the board of review submitted a grid containing nine sales comparables with limited information including assessed values and building market value per square foot. Each of the nine comparables contained data for 2016 through 2019; however, large portions of the grid were illegible due to poor print quality.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

With regard to both improvements, the Board finds neither party submitted sufficient evidence to establish a range for determining the best comparables. The comparables relied on by the appellant for Improvement #1 don't reference whether a coach house is included in the PIN. The properties are of varying exterior construction, amenities, living area square footage, and total lot size. Those same properties were used as comparables for Improvement #2, which only increased the disparity between the subject and comparables in living area square footage. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified. Therefore, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
