

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shobi Khan
DOCKET NO.: 18-42840.001-R-1
PARCEL NO.: 14-33-107-022-0000

The parties of record before the Property Tax Appeal Board are Shobi Khan, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,000
IMPR.: \$194,906
TOTAL: \$227,906

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, single-family dwelling of masonry construction with 4,455 square feet of living area. The building is 14 years old. Features of the home include a full basement, air conditioning, three fireplaces and a two car garage. The property has a 3,000 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables. Three of the comparables were improved with a three-story, single-family dwelling of masonry construction; while two comparables were improved with a three-story, single-family dwelling of stucco construction. The improvements ranged in age from 10 to 61 years; in size from 4,232 to 4,531

square feet; and in improvement assessment from \$32.12 to \$43.75 per square foot of living area. Based on this evidence the appellant is requesting an assessment for the subject of \$199,928.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$313,636. However, the documentation they submitted pertained to Property ID Number (PIN) 14-33-130-011-0000, which is not the subject property. The board of review submitted information on four suggested comparables, but all the submitted comparables pertained to PIN 14-33-130-011-0000, and not the subject property of 14-33-107-022-0000.

Submitted evidence by the appellant revealed that the board of review finalized the assessed valuation for the subject property, with PIN 14-33-107-022-0000, at \$262,477. The subject property has an improvement assessment of \$229,477 or \$51.51 per square foot of living area, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); *Walsh v. Property Tax Appeal Board*, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. *Peacock v. Property Tax Appeal Board*, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); *Walsh*, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. *Bazyldo v. Volant*, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and #5. These comparables had improvement assessments that ranged from \$32.12 to \$43.75 per square foot of living area. The subject's improvement assessment of \$51.51 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
