

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Ward
DOCKET NO.: 18-42928.001-R-1
PARCEL NO.: 14-33-314-008-0000

The parties of record before the Property Tax Appeal Board are Tom Ward, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,176
IMPR.: \$159,134
TOTAL: \$181,310

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a three-story dwelling of masonry construction containing 5,020 square feet of living area. The dwelling was constructed in 2007. Features of the home include a slab foundation, central air conditioning, and a two-car garage. The property has a 2,016 square foot site and is located in Chicago, West Chicago Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on five comparable properties described as three-story dwellings of masonry construction that ranged in size from 4,591 to 5,520 square feet of living area. The dwellings were constructed from 1926 to 2010. Each comparable has the same neighborhood code as the subject property. Features of the comparables include either a full or partial basement. The comparables have improvement assessments ranging from \$83,954 to \$138,327 or from \$19.60 to \$28.786 per square foot of living area. The subject's improvement assessment is \$159,134 or \$31.70 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$108,269.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties improved with either one or three-story dwellings of masonry construction that range in size from 1,817 to 4,875 square feet of living area. The dwellings were constructed from 1902 to 1999. Each has the same neighborhood code as the subject property. Features of the comparables include either a garden apartment unit or partial or

full basemen. These properties have improvement assessments ranging from \$54,163 to \$129,764 or from \$29.81 to \$32.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the appellant's comparable #4 to #5 and board of review comparables #1 to #2 are the most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$28.76 to \$32.64 per square foot of living area. The subject's improvement assessment of \$31.70 per square foot of living area falls above within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
