

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Lagone
DOCKET NO.: 18-42966.001-R-1 through 18-42966.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Daniel Lagone, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
18-42966.001-R-1	32-20-204-009-0000	937	8,033	\$8,970
18-42966.002-R-1	32-20-204-010-0000	937	8,033	\$8,970

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two parcels of land. The parcels are improved with a 68-year-old, one and one-half-story, multi-family dwelling of masonry construction with 4,513 square feet of building area. Features of the building include three full bathrooms and a full apartment basement. The property has a 3,125 square foot site located in Chicago Heights, Bloom Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables. They were improved with a one and one-half-story, multi-family dwelling of either frame, stucco, or masonry and frame construction. Based on this evidence, the appellant requests a total assessment for each parcel of the subject property of \$7,774 (\$15,548 total for both parcels).

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for each parcel of the subject of \$8,970 (\$17,940 total for both parcels). Each parcel of the subject property has an improvement assessment of \$8,033, or \$1.78 per square foot of building area (\$16,066, or \$3.56 per square foot of building area for both parcels). In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. Each were improved with either a one and one-half-story or a two-story, multi-family dwelling of masonry, frame, or masonry and frame construction. In addition, the board of review submitted information on one sale comparable.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparable #1 and board of review comparables #1 and #3*. These comparables had improvement assessments that ranged from \$2.63 to \$4.11 per square foot of building area. The subject's improvement assessment of \$3.56 per square foot of building area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
