

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Capra  
DOCKET NO.: 18-43000.001-R-1 through 18-43000.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are George Capra, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
18-43000.001-R-1	17-18-128-035-0000	8,636	44,951	\$53,587
18-43000.002-R-1	17-18-128-036-0000	8,636	44,951	\$53,587

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 4-year-old, three-story, multi-family dwelling of masonry construction with 6,889 square feet of living area. Features of the building include six full bathrooms. The property has a 2,540 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables. They were improved with a three-story, multi-family dwelling of masonry construction. The improvements ranged: in age from 125 to 137 years old; in size from 6,095 to 7,038 square feet; and in improvement assessment from \$9.76 to \$13.05 per square foot of living area. The comparable properties had either three, four, or six full bathrooms. In addition, the appellant submitted the

decision from the board of review that shows the 2018 Assessed Valuations for the subject property. This document shows that for PIN#: 17-18-128-035-0000 the total assessment was \$59,770 and for PIN#: 17-18-128-036-0000 the total assessment was \$59,770.

The board of review submitted its "Board of Review Notes on Appeal" for PIN#: 17-18-128-035-0000, disclosing the total assessment of \$59,770. The subject property used by the Board of Review is based on only one PIN rather than both PINs and has an improvement assessment of \$51,134 or \$7.42 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. Each are improved with either a two-story or three-story, multi-family dwelling, of masonry construction. The improvements ranged: in age from 4 to 137 years old; in size from 6,329 to 6,889 square feet of living area; and in assessment from \$7.42 to \$10.10 per square foot. The comparable properties had either three, four, or six full bathrooms. One comparable property is on the same block as the subject property and the other three comparable properties are within a quarter of a mile of the subject property.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #1, #3, and #5*. These comparables had improvement assessments that ranged from \$9.76 to \$13.05 per square foot of living area. The subject's improvement assessment of \$14.85 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
