

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2326 N. Greenview Condo Assn.
DOCKET NO.: 18-43001.001-R-1 through 18-43001.003-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are 2326 N. Greenview Condo Assn., the appellant(s), by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
18-43001.001-R-1	14-32-101-063-1001	14,144	77,203	\$91,347

18-43001.003-R-1	14-32-101-063-1003	10,984	59,953	\$70,937

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of three condominium units in a three-unit condominium building. The building is 2 years old and is located on a 3,106 square foot site, in North Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted the sales prices of each of the three units in the condominium building. The three units sold between May 2016 and September 2016 for prices ranging between \$695,000 and \$915,000. The appellant requested the Board apply the 2017 Illinois Department of Revenue median level of assessment for class 2 property in North Chicago Township of 8.20% to this market value. Then, the appellant calculated the total assessment of each unit using an adjusted

assessment value of 8.07% and deducted 5% for personal property for a total proposed assessment value of \$220,644.

The board of review submitted its "Board of Review Notes on Appeal" disclosing a full market value of \$2,210,00 and a total aggregate assessment for the subject of \$221,000, when applying the 2018 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. The board of review also submitted a "Condominium Analysis Results for 2019" reflecting the percentage ownership for each unit at either 41.4%, 26.45%, or 32.15% and sales prices ranging between \$695,000 and \$915,00 sold sometime between May 2016 and September 2016.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

"Real property taxes . . . which are authorized by law to be assessed against and levied upon real property shall be assessed against and levied upon each unit and the owner's corresponding percentage of ownership in the common elements as a tract, and not upon the property as a whole." 765 ILCS 605/10(a).

The decisions of the Property Tax Appeal Board will be based on equity and the weight of the evidence. In Cook County, for residential property of six units or less currently designated as Class 2 real estate according to the Cook County Real Property Assessment Classification Ordinance, as amended, when sufficient probative evidence indicating the estimate of full market value of the subject property on the relevant assessment date is presented, the Board may consider evidence of the appropriate level of assessment for PTAB. 86 Ill.Admin.Code §1910.50(c).

Regarding the personal property, neither party submitted evidence that personal property was included in the sale. Additionally, the Board finds that it is not authorized to apply an assessment level to the subject property other than the 10% assessment level found in the Cook County Real Property Assessment Classification Ordinance. The Board finds that this rule requires annual sales ratio studies from the previous three years, and that the appellant's sales ratio evidence is only for tax year 2017. Even were the Board to consider the appellant's sales ratio evidence, the Board notes that the application of this rule is discretionary, and that the appellant's evidence was for tax year 2017 while the instant tax year is 2018.

The Board finds the best evidence of market value to be the undisputed sales prices and percentage ownership submitted by both parties. Based on this record, the Board finds that the subject property's current assessed value is equal to the board of review's current calculations. Accordingly, the appellant did not prove by preponderance of the evidence that the subject

property was over valuated and a reduction in the subject's assessment to the appellant's request is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
