

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jester Properties, LLC  
DOCKET NO.: 18-43586.001-R-1  
PARCEL NO.: 16-02-414-013-0000

The parties of record before the Property Tax Appeal Board are Jester Properties, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,503  
**IMPR.:** \$23,898  
**TOTAL:** \$28,401

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story building of masonry exterior construction with 3,671 square feet of building area. The building is approximately 102 years old. Features of the building include a basement finished with an apartment. The property has a 3,217 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 3,225 to 3,882 square feet of building area and in age from 83 to 115 years old. The comparables each have a basement, six of which are finished with apartments. One comparable

has central air conditioning. One comparable has four fireplaces. Four comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$13,708 to \$22,110 or from \$4.25 to \$5.70 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$19,934 or \$5.43 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,401. The subject property has an improvement assessment of \$23,898 or \$6.51 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within the same neighborhood code and block as the subject property. In addition, three of these comparables are located along the same street as the subject. The comparables are improved with three-story class 2-11 buildings of masonry exterior construction ranging in size from 3,612 to 3,734 square feet of building area that are either 102 or 104 years old. Each comparable has an unfinished basement. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$29,573 to \$33,477 or from \$8.19 to \$9.21 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board finds the best evidence of assessment equity to be the board of review comparables which are superior in location to the subject than the appellant's comparables. These comparables are also similar to the subject in age and dwelling size with varying degrees of similarity in other features. However, the Board gives less weight to comparables #3 and #4 which each have a garage unlike the subject. These comparables have improvement assessments of \$29,573 and \$31,393 or \$8.19 and \$8.41 per square foot of building area, respectively. The subject property's improvement assessment of \$23,898 or \$6.51 per square foot of building area falls below the assessments of the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
