

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Mui
DOCKET NO.: 18-43590.001-R-1
PARCEL NO.: 14-31-213-001-0000

The parties of record before the Property Tax Appeal Board are Stephen Mui, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,550
IMPR.: \$32,675
TOTAL: \$41,225

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story building of masonry exterior construction with 3,379 square feet of building area. The building is approximately 123 years old. Features of the building include a full unfinished basement and a 1.5-car garage. The property has a 3,000 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on nine equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-12 buildings of masonry or frame and masonry exterior construction ranging in size from 3,210 to 3,780 square feet of building area and in age from 100

to 137 years old. One comparable has a crawl space foundation and eight comparables each have an unfinished full or partial basement. Two comparables each have central air conditioning. One comparable has one fireplace. Seven comparables have from a 1.5-car to a 4-car garage. The comparables have improvement assessments ranging from \$25,329 to \$38,922 or from \$7.26 to \$10.98 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$32,675 or \$9.67 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,717. The subject property has an improvement assessment of \$61,167 or \$18.10 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, three of which are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-12 buildings of masonry or frame and masonry exterior construction ranging in size from 2,960 to 4,392 square feet of building area and in age from 65 to 114 years old. Each comparable has an unfinished full or partial basement and a 2-car or a 4-car garage. Three comparables each have a central air conditioning. The comparables have improvement assessments ranging from \$39,669 to \$98,384 or from \$13.40 to \$25.62 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted thirteen suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3 and #9 due to their lack of a basement or lack garages when compared to the subject. The Board also gives less weight to the board of review comparables due to their dissimilar location, newer age or larger building sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables which are similar to the subject in location, age, building size and some features. The comparables have improvement assessments ranging from \$33,206 to \$36,150 or from \$9.22 to \$10.64 per square foot of building area. The subject's improvement assessment of \$61,167 or \$18.10 per square foot of building area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive and a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
