

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Mui
DOCKET NO.: 18-43591.001-R-1
PARCEL NO.: 13-36-427-015-0000

The parties of record before the Property Tax Appeal Board are Stephen Mui, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,825
IMPR.: \$60,229
TOTAL: \$68,054

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,431 square feet of living area. The dwelling is approximately 126 years old. Features of the home include a basement with a finished apartment. The property has a 3,069 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the same assessment neighborhood code as the subject property. The comparables are class 2-11 dwellings of masonry exterior construction that range in size from 5,376 to 5,904 square feet of living area. The homes range in age from 98 to 125 years old. Each comparable has a basement, four with a finished basement apartment. Two of the

comparables have either a 2.5-car or a 3.5-car garage. The properties have improvement assessments ranging from \$46,872 to \$58,169 or from \$8.68 to \$9.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$52,301 or \$9.63 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,054. The subject property has an improvement assessment of \$60,229 or \$11.09 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject property. The comparables are improved with three-story class 2-11 dwellings of masonry exterior construction that range in size from 4,214 to 5,414 square feet of living area. The homes range in age from 107 to 127 years old. Each comparable has a basement, three with a finished basement apartment. Two of the comparables each have a 2-car garage. The properties have improvement assessments that range from \$53,145 to \$68,330 or from \$11.44 to \$13.56 square feet of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 13 equity comparables for the Board's consideration. The Board gave less weight to the board of review comparables #1 and #4 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, dwelling size and have varying degrees of similarity to the subject in other features. These comparables had improvement assessments that ranged from \$46,872 to \$68,330 or from \$8.68 to \$12.62 per square foot of living area. The subject's improvement assessment of \$60,229 or \$11.09 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the comparables for differences with the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
