

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Mui  
DOCKET NO.: 18-43592.001-R-1  
PARCEL NO.: 13-36-200-010-0000

The parties of record before the Property Tax Appeal Board are Stephen Mui, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,968  
**IMPR.:** \$35,237  
**TOTAL:** \$43,205

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story multi-family dwelling of masonry exterior construction with 2,074 square feet of living area. The dwelling is approximately 108 years old. Features of the home include a basement with a finished apartment and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with multi-family class 2-11 dwellings of frame or masonry exterior construction that range in size from 2,020 to 2,570 square feet of living area. The properties

range in age from 110 to 130 years old. Each comparable has a basement, one with a finished apartment and one with a formal recreation room. Each comparable has from a 1-car to a 2.5-car garage. The properties have improvement assessments ranging from \$27,440 to \$35,549 or from \$12.91 to \$13.83 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$28,061 or \$13.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,205. The subject property has an improvement assessment of \$35,237 or \$16.99 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code and on the same block as the subject property. The comparables are improved with two-story multi-family class 2-11 dwellings of masonry exterior construction that range in size from 1,482 to 2,178 square feet of living area. The properties are either 99 or 108 years old. Each comparable has a basement, two with a finished apartment and one with a formal recreation room. Three of the comparables have either a 1-car or a 2-car garage. The properties have improvement assessments ranging from \$37,871 to \$43,320 or from \$17.39 to \$26.87 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted thirteen equity comparables for the Board's consideration. The Board gave less weight to the appellant's comparables due to differences with the subject in dwelling size and/or age. The Board also gave reduced weight to the board of review's comparable #3 which has a substantially smaller dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more similar to the subject in location, age, dwelling size and most features. These comparables had improvement assessments that ranged from \$37,871 to \$43,320 or from \$17.39 to \$20.72 per square foot of living area. The subject's improvement assessment of \$35,237 or \$16.99 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
