

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bernard Huang
DOCKET NO.: 18-43620.001-R-1
PARCEL NO.: 16-01-423-039-0000

The parties of record before the Property Tax Appeal Board are Bernard Huang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,609
IMPR.: \$28,620
TOTAL: \$35,229

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-use building of masonry exterior construction with 2,012 square feet of building area. The building is approximately 118 years old. Features of the building include an unfinished partial basement and a 1.5-car garage. The property has a 2,592 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-12 multi-use buildings of masonry exterior construction that range in size from 2,268 to 2,464 square feet of building area and range in age from 104 to

122 years old. Each comparable has an unfinished partial basement and from a 1.5-car to a 4-car garage. The comparables have improvement assessments ranging from \$27,103 to \$28,728 or from \$11.29 to \$12.29 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,701 or \$11.78 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,229. The subject property has an improvement assessment of \$28,620 or \$14.22 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables which are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-12 multi-use buildings of masonry exterior construction that range in size from 2,090 to 2,455 square feet of building area and range in age from 107 to 130 years old. Two comparables each have an unfinished partial basement and one comparable has a concrete slab foundation. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$30,310 to \$38,464 or from \$14.50 to \$16.03 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board finds that each of the parties' comparables differ from the subject in dwelling size, foundation type and/or garage bays. Nevertheless, these comparables have improvement assessments ranging from \$27,103 to \$38,464 or from \$11.29 to \$16.03 per square foot of living area. The subject's improvement assessment of \$28,620 or \$14.22 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
