

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chang Huai Zheng  
DOCKET NO.: 18-43637.001-R-1  
PARCEL NO.: 17-21-436-018-0000

The parties of record before the Property Tax Appeal Board are Chang Huai Zheng, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,564  
**IMPR.:** \$33,683  
**TOTAL:** \$37,247

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story townhome of masonry exterior construction with 1,520 square feet of living area. The building is approximately 12 years old. Features of the home include a concrete slab foundation, central air conditioning and a 1.5-car garage. The property has an 810 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. Each comparable is improved with a class 2-95 townhome of masonry exterior construction with 1,926 square feet of living area that is 12 years old. Each comparable has a concrete slab foundation and a 2-car

garage. The comparables have improvement assessments ranging from \$39,904 to \$40,718 or from \$20.72 to \$21.14 square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$31,707 or \$20.86 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$37,247. The subject property has an improvement assessment of \$33,683 or \$22.16 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same neighborhood code as the subject property. In addition, one comparable is located in the same block and along the same street as the subject. The comparables are improved with three-story class 2-95 townhomes of masonry exterior construction that range in size from 1,520 to 1,568 square feet of living area that are either 12 or 15 years old. Each comparable has a concrete slab foundation, central air conditioning and from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$33,693 to \$35,570 or from \$22.16 to \$23.07 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical or nearly identical to the subject in design, age, dwelling size and features. These comparables have improvement assessments ranging from \$33,693 to \$35,570 or from \$22.16 to \$23.07 per square foot of living area. The subject's improvement assessment of \$33,683 or \$22.16 per square foot of living area falls below the range established by the best comparables in the record on an overall basis but matches the assessment of the comparable at the low end of the range on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
