

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Saadi Albaghdadi
DOCKET NO.: 18-43642.001-R-1
PARCEL NO.: 17-21-214-049-0000

The parties of record before the Property Tax Appeal Board are Saadi Albaghdadi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,037
IMPR.: \$65,208
TOTAL: \$94,245

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,108 square feet of living area. The dwelling is approximately 25 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a two-car garage. The property has a 2,525 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame or frame and masonry exterior construction with 2,052 or 2,316 square feet of living area. The homes are 19 or 25 years old. Each comparable has a

basement with two having finished area, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$50,206 to \$57,271 or from \$21.68 to \$27.91 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$53,965 or \$25.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,245. The subject property has an improvement assessment of \$65,208 or \$30.93 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story dwellings of frame exterior construction with 2,052 or 2,108 square feet of living area. The homes are 25 years old. Each comparable has a basement with finished area, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$64,544 to \$68,817 or from \$31.12 to \$32.65 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which lacks basement finish which is a feature of the subject.

The Board finds the parties' six remaining comparables are each similar to the subject in overall property characteristics. However, the Board gives greatest weight to board of review comparables #3 and #4 which are identical to the subject in age, dwelling size, and features, as well as being located within the same block and on the same street as the subject. These comparables have improvement assessments of \$65,608 and \$68,817 or of \$31.12 and \$32.65 per square foot of living area, respectively. The subject's improvement assessment of \$65,208 or \$30.93 per square foot of living area falls below the improvement assessments of the two most similar comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
