

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chi Hang Yuen
DOCKET NO.: 18-43643.001-R-1
PARCEL NO.: 17-21-406-060-0000

The parties of record before the Property Tax Appeal Board are Chi Hang Yuen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,723
IMPR.: \$35,617
TOTAL: \$42,340

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 1,918 square feet of living area. The dwelling is approximately 15 years old. Features of the home include a concrete slab foundation, central air conditioning, and a one-car garage. The property has a 1,528 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-07 dwellings of masonry exterior construction ranging in size from 1,718 to 2,000 square feet of living area. The homes range in age from 15 to 19 years old. Three

comparables each have an unfinished basement and one comparable has a concrete slab foundation. Each comparable has central air conditioning and a one-car or a two-car garage. One comparable has one fireplace. The comparables have improvement assessments that range from \$26,870 to \$33,780 or from \$15.64 to \$16.89 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$31,474 or \$16.41 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,340. The subject property has an improvement assessment of \$35,617 or \$18.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property, as well as being located on the same block and street as the subject. The comparables are improved with 2-story class 2-07 dwellings of masonry exterior construction with 1,785 or 1,918 square feet of living area. The homes are 15 years old. Each comparable has a concrete slab foundation, central air conditioning, and a one-car garage. The comparables have improvement assessments that range from \$33,147 to \$37,179 or from \$18.57 to \$19.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 due to differences in foundation type when compared to the subject. The Board also gives reduced weight to board of review comparable #4 which is a smaller dwelling than the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1, #2, and #3 which are identical to the subject in age, dwelling size, and features, as well as being located on the same block and street as the subject, along with the appellant's comparable #3 that is also highly similar to the subject. These four comparables have improvement assessments that range from \$32,269 to \$37,179 or from \$16.82 to \$19.38 per square foot of living area. The subject's improvement assessment of \$35,617 or \$18.57 per square foot of living area falls within the range established by the most similar comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
