

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Maszinski
DOCKET NO.: 18-43652.001-R-1
PARCEL NO.: 14-32-125-017-0000

The parties of record before the Property Tax Appeal Board are John Maszinski, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,553
IMPR.: \$55,875
TOTAL: \$70,428

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of masonry exterior construction with 1,456 square feet of living area. The townhome is approximately 31 years old. Features of the home include a full basement with finished area, central air conditioning, one fireplace and a one-car garage. The property has a 1,323 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code, in the same block and along the same street as the subject. The comparables are improved with class 2-95 townhomes of masonry exterior construction with either 1,456 or 1,644 square feet of living area and that are

each 31 years old. Each comparable has a full basement with finished area, central air conditioning, one fireplace and a one-car garage. The comparables have improvement assessments ranging from \$48,947 to \$60,456 or from \$33.62 to \$36.77 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$51,280 or \$35.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$70,428. The subject property has an improvement assessment of \$55,875 or \$38.38 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. Two of these comparables are also located in the same block and along the same street as the subject. The comparables are improved with two-story class 2-95 townhomes of masonry exterior construction that range in size from 1,456 to 1,644 square feet of living area and that are either 28 or 31 years old. Each comparable has a full basement with finished area, central air conditioning and one or two fireplaces. Two comparables each have a one-car garage. The comparables have improvement assessments ranging from \$55,911 to \$71,072 or from \$38.40 to \$43.23 square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 as well as board of review comparables #1, #2 and #4 due to differences from the subject in dwelling size and/or ages.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 as well as board of review comparable #3 which are identical to the subject in age, dwelling size and features, in addition to being located within the same block and along the same street as the subject. These comparables have improvement assessments ranging from \$48,947 to \$55,911 or from \$33.62 to \$38.40 per square foot of dwelling area. The subject property's improvement assessment of \$55,875 or \$38.38 falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
