

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathryn Wax  
DOCKET NO.: 18-43657.001-R-1  
PARCEL NO.: 14-33-109-053-0000

The parties of record before the Property Tax Appeal Board are Kathryn Wax, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,775  
**IMPR.:** \$75,052  
**TOTAL:** \$91,827

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story townhome of masonry exterior construction with 2,310 square feet of living area. The building is approximately 42 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace and a one-car garage. The property has a 1,525 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same neighborhood code as the subject. Each comparable is improved with a class 2-95 townhome of masonry exterior construction with 1,599 square feet of living area that is 48 years old. Each comparable has a full basement with finished area, central

air conditioning and one fireplace. The comparables have improvement assessments ranging from \$47,279 to \$47,789 or from \$29.57 to \$29.89 square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$68,769 or \$29.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,827. The subject property has an improvement assessment of \$75,052 or \$32.49 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story or three-story class 2-95 townhomes of masonry or frame and masonry exterior construction that range in size from 1,794 to 2,758 square feet of living area and are each 42 years old. Two comparables each have a crawl space foundation and two comparables each have an unfinished full basement. Each comparable has central air conditioning and one fireplace. Three comparables each have a one-car garage. The comparables have improvement assessments ranging from \$91,825 to \$108,500 or from \$39.34 to \$51.31 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #3 and #4 due to differences from the subject in dwelling size and/or foundation type.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which lack basements, like the subject, as well as being most similar to the subject in design, age, dwelling size and other features. These comparables have improvement assessments of \$106,354 and \$108,500 or \$39.34 and \$41.33 per square foot of living area. The subject's improvement assessment of \$75,052 or \$32.49 per square foot of living area falls below the improvement assessments of the two best comparables in the record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
