

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wenjia Guo
DOCKET NO.: 18-43658.001-R-1
PARCEL NO.: 14-33-316-101-0000

The parties of record before the Property Tax Appeal Board are Wenjia Guo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,245
IMPR.: \$40,102
TOTAL: \$65,347

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhome of masonry exterior construction with 1,502 square feet of living area. The townhome is approximately 33 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace and a one-car garage. The property has a 2,295 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code and along the same street as the subject. In addition, two of these comparables are located in the same block as the subject. The comparables are improved with class 2-95 townhomes of masonry exterior construction that

range in size from 1,254 to 1,502 square feet of living area and are either 33 or 47 years old. Two comparables each have a concrete slab foundation and one comparable has a full basement with finished area. Each comparable has central air conditioning. Two comparables each have one fireplace and a one-car garage. The comparables have improvement assessments ranging from \$28,816 to \$38,079 or from \$22.98 to \$25.66 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$37,024 or \$24.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,347. The subject property has an improvement assessment of \$40,102 or \$26.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code, in the same block and along the same street as the subject property. The comparables are improved with two-story class 2-95 townhomes of masonry exterior construction that range in size from 1,484 to 1,508 square feet of living area and are each 33 years old. Each comparable has a concrete slab foundation, central air conditioning, one fireplace and a one-car garage. The comparables have improvement assessments ranging from \$39,785 to \$46,852 or from \$26.81 to \$31.07 square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 due to differences from the subject in age, dwelling size and foundation type.

The Board finds the best evidence of assessment equity to be the parties' six remaining comparables which are identical or nearly identical to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$38,019 to \$46,852 or from \$25.31 to \$31.07 per square foot of living area. The subject property's improvement assessment of \$40,102 or \$26.70 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
