

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Graunke  
DOCKET NO.: 18-43670.001-R-1  
PARCEL NO.: 14-32-227-026-0000

The parties of record before the Property Tax Appeal Board are Jerry Graunke, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,935  
**IMPR.:** \$98,585  
**TOTAL:** \$121,520

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story townhome of masonry exterior construction with 2,464 square feet of living area. The home is approximately 130 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces and a 1.5-car garage. The property has a 2,085 square foot site and is located in Chicago, North Chicago Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with class 2-10 townhomes of masonry exterior construction that range in size from 2,102 to 3,164 square feet of living area and range in age from 127 to 140 years old. Each

comparable has a full basement with finished area, central air conditioning, one or four fireplaces and a one-car or a two-car garage. The comparables have improvement assessments ranging from \$66,673 to \$118,144 or from \$31.51 to \$37.41 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$87,373 or \$35.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,520. The subject property has an improvement assessment of \$98,585 or \$40.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with two-story class 2-10 townhomes of masonry exterior construction that range in size from 2,142 to 2,750 square feet of living area and range in age from 130 to 133 years old. The comparables each have a full basement, two of which have finished area. One comparable has central air conditioning. Three comparables each have one or two fireplaces. Each comparable has from a 1-car to a 2-car garage. The comparables have improvement assessments ranging from \$91,052 to \$122,281 or from \$40.36 to \$52.89 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and board of review comparables #1 and #4 due to their larger dwelling size and/or finished basements when compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are similar to the subject in age and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments of \$91,052 and \$99,442 or \$40.36 per square foot of living area. The subject's improvement assessment of \$98,585 or \$40.01 per square foot of living area is bracketed by the improvement assessments of the two best comparables in the record on an overall basis but below on a per square foot basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
