

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose & Elia Garcia
DOCKET NO.: 18-43678.001-R-1
PARCEL NO.: 17-05-319-097-0000

The parties of record before the Property Tax Appeal Board are Jose & Elia Garcia, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,526
IMPR.: \$56,493
TOTAL: \$67,019

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of frame exterior construction with 3,802 square feet of building area. The building is approximately 140 years old. Features of the building include a full basement finished with an apartment. The property has a 3,802 square foot site located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with three-story class 2-11 multi-family buildings¹ of masonry

¹ The appellants' photographic evidence disclosed the comparables are of three-story design.

exterior construction that range in size from 4,560 to 4,698 square feet of building area and range in age from 120 to 140 years old. Each comparable has an unfinished full basement. The comparables have improvement assessments ranging from \$43,619 to \$59,771 or from \$9.34 to \$12.92 per square foot of building area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$44,331 or \$11.66 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,019. The subject property has an improvement assessment of \$56,493 or \$14.86 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables which are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-11 multi-family buildings of frame exterior construction that range in size from 3,040 to 3,290 square feet of building area and that are either 137 or 140 years old. The comparables each have a full basement, three of which are finished with apartments. Three comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$54,361 to \$61,835 or from \$16.93 to \$20.34 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparables due to their dissimilar three-story designs. The Board gives less weight to board of review comparables #3 and #4 due to their smaller dwelling sizes when compared to the subject

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which are similar to the subject in design, age, dwelling size and some features, except comparable #1 has a garage which is not a feature of the subject. These comparables have improvement assessments of \$55,696 and \$56,413 or \$16.93 and \$17.22 per square foot of building area. The subject's improvement assessment of \$56,493 or \$14.86 per square foot of building area falls above the assessments of the two best comparables in the record on an overall basis but below on a per square foot basis. Furthermore, the subject's assessment is logical due to economies of scale considering its larger building size when compared to the two best comparables in the record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
