**Statement of Jurisdiction**

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2018. The Property Tax Appeal Board (the “Board”) finds that it has jurisdiction over the parties and the subject matter of this appeal.

**Findings of Fact**

The subject consists of twelve two-story townhomes of masonry construction, each with 1,621 square feet of living area. The subject townhomes are all four years old. Features of each of the townhomes include a full basement and an attached garage. All of the subject units are classified as class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$234,073.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$402,285. Each of the subject units has an improvement assessment of \$19.43 per square foot of living area.

The board of review did not submit any evidence in support of the subject's current assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did meet this burden of proof, and that a reduction in each of the subject townhomes' assessments is warranted.

The Board finds the best evidence of assessment equity to be all of the appellant's equity comparables. These equity comparables had improvement assessments ranging from \$10.78 to \$13.57 per square foot of living area. The subject townhomes each have an improvement assessment of \$19.43 per square foot of living area, which falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant has proven, with clear and convincing evidence, that the subject townhomes are inequitably assessed, and that a reduction in the subject townhomes' assessments is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
