

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Adams
DOCKET NO.: 18-44364.001-R-1
PARCEL NO.: 17-06-220-018-1002

The parties of record before the Property Tax Appeal Board are Robert Adams, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,267
IMPR.: \$37,533
TOTAL: \$41,800

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story condominium unit located in a dwelling of masonry construction. The subject had approximately 1,900 square feet of living area and was 138 years old. Features of the home include a partial, finished basement and central air conditioning. The property has a 5,986 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on January 19, 2018, for a price of \$418,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,516. The subject property has an improvement assessment of \$47,249 or \$24.87 per square foot of living area. The subject's assessment reflects a market value of \$515,160, land included, or \$271.14 per square foot of living area, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment, the board of review submitted information on comparable sales of three condominium units in the same building as the subject and an analysis of those sales. The sales took place between February 18, 2016, and July 11, 2017, for a total price for all three units of \$1,965,000. The board of review's analysis stated that these units comprised 53.19% of the building, which indicated a total market value of \$3,694,303 for the building. The subject unit comprised 15.67% of the building, indicating a value of \$578,897 for the subject unit, or 15.67% of the value of the entire building.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the purchase of the subject property on January 19, 2018, for a price of \$418,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction the appellant submitted a settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value.

Based on this record the Board finds the subject property had a market value of \$418,000 as of January 1, 2018. Since market value has been determined, the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
