

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: First Choice Property, Michael Pozeal
DOCKET NO.: 18-44377.001-R-1
PARCEL NO.: 33-31-104-010-0000

The parties of record before the Property Tax Appeal Board are First Choice Property, Michael Pozeal, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,815
IMPR.: \$1,770
TOTAL: \$3,585

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction containing 1,070 square feet of living area. The dwelling was built in 1972 and is approximately 46 years old. Features of the home include a partial basement with finished area and a two-car garage. The property has a 6,600 square foot site and is located in Sauk Village, Bloom Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with multi-level dwellings that range in size from 912 to 1,262 square feet of living area and were built from 1962 to 1974. The comparables have sites ranging in size from 6,600 to 8,250 square feet of land area and have the same assessment neighborhood code as the subject property. Each comparable has a partial

basement with finished area and a 2-car garage. Two comparables have a fireplace and three comparables have central air conditioning. The comparables sold from August 2017 to September 2018 for prices ranging from \$21,500 to \$45,195 or from \$19.10 to \$39.37 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$2,523.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$7,475. The subject's assessment reflects a market value of \$74,750 or \$69.86 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant's counsel noted that board of review comparables are not recent sales.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value was the five comparable sales submitted by the appellant. The Board gives less weight to appellant's comparables #1 and #2 which are less similar to the subject dwelling in size.

The Board finds the best evidence of market value to be appellant's comparables #3, #4 and #5 which are most similar to the subject dwelling in size. These comparables are also similar to the subject property in location, site size, and some features. These comparables sold from September 2017 to September 2018 for prices ranging from \$21,500 to \$45,195 or from \$20.91 to \$39.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$74,750 or \$69.86 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence, the Board finds the appellant proved by a preponderance of the evidence that the subject's estimate of market value as reflected by the assessment is excessive and therefore, a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
