

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bill Thanoukos
DOCKET NO.: 18-44594.001-C-1
PARCEL NO.: 17-16-238-011-0000

The parties of record before the Property Tax Appeal Board are Bill Thanoukos, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$140,625
IMPR.: \$53,125
TOTAL: \$193,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a one-story, mixed-use building of masonry construction with a building area of approximately 3,100 square feet. The building was approximately 72 years of age. The improvement is situated on a 2,250 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 5-92 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating that the subject property had a market value of \$775,000 as of January 1, 2018. Based on this submission, the appellant requested a reduction in the subject's assessment to \$193,750.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$235,131. The subject's assessment reflects a market value of \$940,524 or \$303.00 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25%.

The board of review sought and received an extension of time to file its evidence. The record does not contain evidence from the board of review in support of the assessment. The matter was set for a hearing before an ALJ on July 21, 2023. Prior to hearing the parties entered into a written agreement to waive the hearing and have the matter decided on the evidence that had been submitted.

In a written rebuttal the Appellant argued that the submitted appraisal, written by a Certified Illinois Appraiser, reflected the accurate value of the subject property for the lien year. He argued that the appraiser relied on a review, analysis and adjusted sales of comparable properties in calculating the accurate value of the subject property.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

As the board of review submitted no evidence, this Board finds the best evidence of market value to be the appraisal submitted by the appellant. The appraiser states that his opinion of the subject's market value was developed after a careful inspection of the subject property and after a thorough investigation and analysis of current market and economic factors. The appraiser employed the sales comparison and income capitalization approach relying upon eight income comparables and eight sales comparables in reaching his conclusion. The appraisal stated that the sale prices and rental income of the suggested comparable properties were adjusted to account for differences between them and the subject and the appraiser determined that the subject's market value was \$775,000. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$775,000 as of the assessment date at issue. The subject's assessment reflects a market value above the best evidence of market value in the record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
