

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christos Prappas
DOCKET NO.: 18-44647.001-R-1
PARCEL NO.: 10-20-414-060-0000

The parties of record before the Property Tax Appeal Board are Christos Prappas, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,277
IMPR.: \$34,955
TOTAL: \$39,232

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 2,421 square feet of living area. The dwelling is approximately 41 years old. Features of the home include an unfinished partial basement, central air conditioning, a fireplace and a 2-car garage. The property has a 5,900 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 3,125 to 6,435 square feet of land area. The comparables are improved with class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,296 to 3,132 square feet of

living area. The dwellings range in age from 31 to 50 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a 2-car garage. The properties sold from April 2017 to July 2018 for prices ranging from \$350,000 to \$470,000 or from \$145.83 to \$158.97 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$36,467, reflecting a market value of \$364,670 or \$150.63 per square foot of living area, land included, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$39,232. The subject's assessment reflects a market value of \$392,320 or \$162.05 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 4,760 to 9,748 square feet of land area. The comparables are improved similar class 2-78, two-story dwellings of frame and masonry exterior construction ranging in size from 2,325 to 2,598 square feet of living area. The dwellings range in age from 44 to 56 years old. The comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning and a 2-car or a 2.5-car garage. Two comparables each have a fireplace. The properties sold from June 2015 to August 2017 for prices ranging from \$420,000 to \$750,000 or from \$169.95 to \$288.68 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties provided eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #3 due to their finished basement or larger dwelling size when compared to the subject. The Board has given less weight to board of review comparables #1, #2 and #4 as their 2015 and 2016 sale dates occurred less proximate in time to the assessment date at issue and are less likely to be indicative of the subject's market value as of the January 1, 2018 assessment date. Furthermore, board of review comparable #4 has a finished basement, unlike the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #4, along with board of review comparable sale #3. These comparables sold more proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design,

age and some features. These comparables sold from June 2017 to July 2018 for prices ranging from \$350,000 to \$422,500 or from \$145.83 to \$169.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$392,320 or \$162.05 per square foot of living area, including land, which falls within the range established by best comparable sales in this record. After considering necessary adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
