

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gil Garcia Gonzalez
DOCKET NO.: 18-45044.001-R-1
PARCEL NO.: 16-02-316-021-0000

The parties of record before the Property Tax Appeal Board are Gil Garcia Gonzalez, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,671
IMPR.: \$8,004
TOTAL: \$11,675

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 127-year-old, 1.5-story, single-family dwelling of masonry construction with 1,107 square feet of living area. Features of the home include: an unfinished full basement and warm air heating. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The appellant submitted documentation for their appeal disclosing the total assessment of \$12,541. The subject property has an improvement assessment of \$8,870 or \$8.01 per square foot of living area. In support of the inequity argument, the appellant submitted information on three suggested equity comparables. They were improved with a one-story, single-family dwelling of masonry construction. The improvements ranged: in age from 125 to 135 years; in size from 1,050 to

1,197 square feet; and in improvement assessment from \$7.23 to \$7.74 per square foot of living area. Two of the comparable properties had a slab foundation and one property had an unfinished full basement. Additionally, two of the had garages of various sizes and one of the properties had air conditioning.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,096. The board of review lists the subject property as having an improvement assessment of \$7,815 or \$7.06 per square foot of living area. The "Board of Review Notes on Appeal" is indicative of an appeal for the 2017 tax year as the paperwork lists April 4, 2017, as the date the "board of review transmitted to the county assessor its final action." Separate from the "Board of Review Notes on Appeal," a letter dated May 3, 2019, shows that the board of review indicated that the 2018 assessed valuation for the subject property was \$12,541. This is the same amount as listed in the appellant's paperwork and different than the "Board of Review Notes on Appeal."

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #1, #2, and #3*. These comparables had improvement assessments that ranged from \$7.23 to \$7.74 per square foot of living area. The subject's improvement assessment of \$8.01 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
