

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rodelio Hernandez  
DOCKET NO.: 18-45045.001-R-1  
PARCEL NO.: 16-27-424-026-0000

The parties of record before the Property Tax Appeal Board are Rodelio Hernandez, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,671  
**IMPR.:** \$11,690  
**TOTAL:** \$15,361

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 108-year-old multi-family dwelling, of frame and masonry construction with 2,145 square feet of living area. The subject property has two units. Features of the home include two bathrooms and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. They were improved with a multi-family dwelling of frame and masonry construction. The improvements ranged: in age from 95 to 130 years; in size from 1,960 to 2,393 square feet; and in improvement assessment from \$4.35 to \$5.46 per square foot of living area. The comparable properties each had two units. One comparable property had a two-car garage. Additionally, two

of the comparable properties had only two full bathrooms, while one of the comparable properties had two full bathrooms and one half-bathroom.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,987. The subject property has an improvement assessment of \$12,316 or \$5.74 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with a multi-family dwelling of frame and masonry construction, located within a quarter of a mile of the subject, one of which is on the same block. The improvements ranged: in age from 106 to 120 years; in size from 1,672 to 1,840 square feet of living area; and in assessment from \$6.21 to \$6.93 per square foot. The four comparable properties had garages of various sizes. Two of the properties had three full bathrooms and two of the properties had two full bathrooms.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables #1, #2, and #3*. These comparables had improvement assessments that ranged from \$4.35 to \$5.46 per square foot of living area. The subject's improvement assessment of \$5.74 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant *did* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
