

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Siham Salem  
DOCKET NO.: 18-45647.001-C-1  
PARCEL NO.: 25-05-104-003-0000

The parties of record before the Property Tax Appeal Board are Siham Salem, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$16,875  
**IMPR.:** \$33,125  
**TOTAL:** \$50,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 7,500 parcel of land improved with a 22-year-old, one-story, masonry, retail store building containing approximately 5,000 square feet of building area. The property is located in Chicago, Lake Township, Cook County and is a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted an appraisal estimating the subject property had a market value of \$200,000 as of January 1, 2018. The appraiser utilized the sales comparison approach to estimate the subject's market value.

In the sales comparison approach, the appraiser analyzed nine sales and made adjustments to these sales in estimating the subject's market value. These sales are described as retail-

commercial buildings built between the years 1923 and 1977 and containing between 4,300 and 7,600 square feet of building area. They sold from April 2015 to January 2017 for prices ranging from \$14.48 to \$46.43 per square foot of building area. After adjustments to these comparables for pertinent factors, the appraisal estimates a market value for the subject under the sales comparison approach of \$200,000, or \$40.00 per square foot of building area. Based on this evidence, appellant requests the subject property's assessment be decreased to \$50,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$82,875. The subject's assessment reflects a market value of \$331,500, or \$66.00 per square foot of building area, using the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25%. The board of review did not submit any additional evidence.

In rebuttal, appellant indicates in its letter to the Board objecting to the board of review's evidence on the grounds that said evidence failed to make necessary adjustments for market conditions, did not have the subject property inspected, and its evidence is assumed to be accurate, but its accuracy is not warranted. The Board does not have any evidence from the board of review to which appellant's contentions are attributed to.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The Board finds this appraisal to be persuasive because the appraiser personally inspected the subject property, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. The board of review did not submit any comparable sales.

Therefore, the Board finds the subject property had a market value of \$200,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 5 property of 25% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
