

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Theodore
DOCKET NO.: 18-46271.001-R-1
PARCEL NO.: 07-16-312-009-0000

The parties of record before the Property Tax Appeal Board are Nick Theodore, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,950
IMPR.: \$15,590
TOTAL: \$19,540

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 43-year-old, one-story, single-family dwelling of frame and masonry construction with 1,138 square feet of living area. Features of the home include: a slab foundation, central air conditioning, a fireplace and a two-car garage. The property has a 9,296 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on seven suggested equity comparables. They were improved with a one-story, single-family dwelling of frame construction. The improvements ranged: from 43 to 44 years of age; in size from 1,041 to 1,423 square feet; and in improvement assessment from \$11.80 to \$12.86 per square foot of living area. Amenities include: either a slab foundation or a partial finished basement with a formal recreation room, either no garage, a one-car or a two-car garage, and each property had central air conditioning.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,540. The subject property has an improvement assessment of \$15,590 or \$13.70 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with a one-story, single-family dwelling of either frame and masonry construction or frame construction, located within a ¼ mile of the subject. The improvements were all 43 years old and ranged in size from 1,050 to 1,138 square feet of living area; and in assessment from \$13.80 to \$17.13 per square foot. Amenities include: a slab foundation and one comparable with a full finished basement with a formal recreation room, central air conditioning in three of the improvements and each improvement had a two-car garage.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparables #5 and #7 and the board of review comparables #1, #3 and #4*. These comparables had improvement assessments that ranged from \$11.80 to \$17.13 per square foot of living area. The subject's improvement assessment of \$13.70 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
