

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gus Tsoulos  
DOCKET NO.: 18-46272.001-R-1  
PARCEL NO.: 07-26-303-013-0000

The parties of record before the Property Tax Appeal Board are Gus Tsoulos, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,601  
**IMPR.:** \$31,118  
**TOTAL:** \$35,719

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 2,534 square feet of living area. The dwelling is approximately 39 years old. Features of the home include a full basement that is unfinished, central air conditioning, 3½ bathrooms, a fireplace and a two-car garage. The property has an 8,765 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted an assessment grid analysis, property characteristic sheets and a spreadsheet with information on the subject and seven comparable properties. The comparables have the same assessment neighborhood code as the subject and are located within .17 of a mile from the subject property. The comparables are improved with class

2-78 two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,351 to 2,884 square feet of living area. The dwellings are each 39 years old. One comparable has a concrete slab foundation and six comparables have either full or partial basements that are unfinished. Each comparable has central air conditioning, 2½ bathrooms, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$25,602 to \$31,400 or from \$10.89 to \$11.10 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$27,775 or \$10.96 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,719. The subject property has an improvement assessment of \$31,118 or \$12.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparable properties with the same assessment neighborhood code as the subject, three of which are located within .25 of a mile from the subject property. The comparables are improved with similar class 2-78 two-story dwellings of frame exterior construction ranging in size from 2,169 to 2,351 square feet of living area. The dwellings range in age from 35 to 39 years old. Each comparable has a full or partial basement that is unfinished, central air conditioning, 2½ bathrooms, one fireplace and a two-car garage. The comparables have improvement assessments that range from \$27,308 to \$32,627 or from \$12.59 to \$14.96 per square foot of living area. The board of review also reported that comparables #2, #3 and #4 sold from September 2016 to August 2018 for prices ranging from \$359,900 to \$435,000 or from \$162.72 to \$199.45 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 11 equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #7 due to its dissimilar concrete slab foundation when compared to the subject's basement foundation.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, dwelling size, design, age and some features, except all of these comparable dwellings have a fewer number of bathrooms when compared to the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$25,602 to \$32,627 or from \$10.89 to \$14.96 per square foot of

living area. The subject's improvement assessment of \$31,118 or \$12.28 per square foot of living area is within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
