

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hyunsoo Choi
DOCKET NO.: 18-46274.001-R-1
PARCEL NO.: 07-14-119-044-0000

The parties of record before the Property Tax Appeal Board are Hyunsoo Choi, the appellant, by attorney George N. Reveliotis of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,231
IMPR.: \$20,467
TOTAL: \$21,698

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,452 square feet of living area. The dwelling is approximately 30 years old. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a two-car garage. The property has a 3,284 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparables with the same assessment neighborhood code as the subject and located within .13 of a mile from the subject property. The comparables are improved with class 2-95 two-story dwellings of frame exterior construction, each with 1,488 square feet of living area. The dwellings are 29 or

32 years old. Each comparable has a concrete slab foundation and a two-car garage. The comparables have improvement assessments that range from \$18,328 to \$19,404 or from \$12.32 to \$13.04 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,561 or \$12.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,698. The subject property has an improvement assessment of \$20,467 or \$14.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code and block as the subject property. The comparables are improved with similar class 2-95 two-story dwellings of frame exterior construction, each with 1,452 square feet of living area. The dwellings are 29 or 30 years old. Each comparable has a concrete slab foundation, central air conditioning, a fireplace and a two-car garage. The comparables have improvement assessments that range from \$20,466 to \$25,539 or from \$14.10 to \$17.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eleven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as each dwelling lacks central air conditioning and a fireplace, both features of the subject. The Board finds the best evidence of assessment equity to be the four comparables presented by the board of review, which are similar to the subject in location, dwelling size, design, age and most features. These comparables have central air conditioning and a fireplace, like the subject. The comparables have improvement assessments that range from \$20,466 to \$25,539 or from \$14.10 to \$17.59 per square foot of living area. The subject's improvement assessment of \$20,467 or \$14.10 per square foot of living area, which is practically identical to the comparable at the lowest end of the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
