

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Anast
DOCKET NO.: 18-46286.001-R-1
PARCEL NO.: 10-20-235-025-0000

The parties of record before the Property Tax Appeal Board are William Anast, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,915
IMPR.: \$20,588
TOTAL: \$24,503

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,294 square feet of living area. The dwelling is approximately 58 years old. Features of the home include a full basement with finished area, central air conditioning one fireplace and a 2.5-car garage. The property has a 5,400 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not contested. In support of this argument the appellant submitted information on seven equity comparables located in the same neighborhood code and within 0.11 of a mile from the subject. The comparables were improved with either 1-story or 1.5/1.9-story class 2-03 dwellings of masonry or frame and masonry exterior construction that range in age from 58 to 68 years old. Each comparable has a full basement four of which have finished area. Each

comparable has central air conditioning. Six comparables have either a 1-car, 2-car or a 2.5-car garage. The dwellings range in size from 1,049 to 1,587 square feet of living area and have improvement assessments ranging from \$2,243 to \$23,345 or from \$1.76 to \$14.97 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$16,314 or \$12.61 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$24,503. The subject property has an improvement assessment of \$20,588 or \$15.91 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same neighborhood code and same block from the subject. The comparables were improved with 1-story class 2-03 dwellings of masonry exterior construction that have either 1,048 or 1,052 square feet of living area that are either 58 or 59 years old. Each comparable has a full basement two of which have finished area. Each comparable has central air conditioning and either a 1.5-car or a 2-car garage. The comparables have improvement assessments that range from \$16,790 to \$19,905 or from \$15.96 to \$18.92 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2, #3 and #5 along with the board of review comparables #1 and #3 for their dissimilar age, dwelling size, and basement finished area when compared to the subject.

The Board finds that the best evidence of assessment equity is the appellants comparables #4, #6 and #7 along with the board of review comparables #2 and #4. These comparables have varying degrees of similarity when compared to the subject in dwelling size, age, or features. These comparables have improvement assessments that range from \$2,243 to \$20,572 or from \$1.76 to \$16.04 per square foot of living area. The subject property has an improvement assessment of \$20,588 or \$15.91 per square foot of living area, which falls slightly above the best comparables in terms of overall improvement assessment, but within the comparables on a square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
