

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Feyman
DOCKET NO.: 18-47216.001-R-1
PARCEL NO.: 29-18-218-048-0000

The parties of record before the Property Tax Appeal Board are Mark Feyman, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,441
IMPR.: \$7,567
TOTAL: \$9,008

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 5,766 square foot parcel improved with a 57-year-old, two-story, frame and masonry, multi-family dwelling containing 4,023 square feet of building area. The property is located in Harvey, Thornton Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and inequity as the bases of the appeal. In support of the market value argument, the appellant submitted data on four suggested sales comparables. These comparables are frame or masonry, multi-family dwellings. They contain from 2,142 to 2,860 square feet of building area and sold from January to July 2017 for prices ranging from \$4.30 to \$14.02 per square foot of building area.

In support of the equity argument, the appellant submitted four comparables. These comparables are described as two-story, masonry, multi-family dwellings. They range: in age from 56 to 59

years; in size from 3,536 to 5,532 square feet of building area; and in improvement assessment from \$0.35 to \$0.63 per square foot of building area. The petition discloses that the subject is not an owner-occupied residence.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$9,008 with an improvement assessment of \$7,567 or \$1.88 per square foot of building area. The assessment reflects a market value of \$90,080 or \$22.39 per square foot of building area using when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the current assessment, the board of review submitted four comparables. These comparables are described as one or two-story, frame or masonry, multi-family dwellings. They range: in age from 10 to 100 years; in size from 1,050 to 5,532 square feet of building area; and in improvement assessment from \$3.09 to \$3.51 per square foot of building area. They sold from April 2016 to October 2018 for prices ranging from \$15.91 to \$57.14 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds that the best comparables to reflect the subject's market value be the appellant's comparables #1 and #4 and the board of review's comparables #1, #2, and #4. These properties sold from December 2016 to October 2018 for prices ranging from \$9.09 to \$33.79 per square foot of building area. These comparables were similar in size. In comparison, the subject's assessment reflects a market value of \$22.39 per square foot of building area which is within the range of these comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4 and the board of review's comparables #1 and #2. These comparables had improvement assessments ranging of \$.035 to \$3.11 per square foot of building area. The remaining comparables were given less weight due to differences in size. In comparison the subject's improvement assessment of \$1.88 per square foot of building area is within the range of the best

comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
