

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anand Sheth  
DOCKET NO.: 18-48108.001-R-1 through 18-48108.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Anand Sheth, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
18-48108.001-R-1	17-29-317-030-0000	9,200	18,050	\$27,250
18-48108.002-R-1	17-29-317-031-0000	9,200	18,050	\$27,250

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two property identification numbers (PINs) that are improved with a 10-year-old, two-story dwelling, of masonry construction with 4,162 square feet of living area. Features of the home include a partial basement, central air conditioning, and a fireplace. The property has a 2,875 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on October 9, 2018, for a price of \$545,000. In Section IV of the appeal form, the appellant indicates the subject property sold with a realtor, was advertised for sale for a period of 139 days, and the parties to the transaction were not family members. The appellant submitted copies of the ALTA Settlement Statement,

Warrant Deed, Real Estate Sale Contract, and the multiple listing database printout for the subject. The appellant also submitted a copy of the board of review's decision reflecting each PIN was assessed at \$28,000. The total assessment for both PINs was \$56,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject with PIN ending in -030-0000 of \$28,000. The subject's total assessment is \$56,000, which reflects a market value of \$560,000 or \$134.55 per square foot of living area, land included, when using the median level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. They are two-story dwellings of masonry construction that sold between January 2015 and December 2016 for prices ranging between \$181,500 and \$1,050,000. In its grid analysis, the board of review indicates the subject property sold on October 17, 2018, for \$272,500 for PIN ending in -030-0000.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2018, for a price of \$545,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor, the property had been advertised on the open market and it had been on the market for 139 days. In further support of the transaction the appellant submitted a copy of the sales contract, settlement statement, and warranty deed. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$545,000 as of January 1, 2018. Since market value has been determined the median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2). A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
