

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yuan Mo  
DOCKET NO.: 18-48110.001-R-1  
PARCEL NO.: 16-36-314-052-0000

The parties of record before the Property Tax Appeal Board are Yuan Mo, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,832  
**IMPR.:** \$13,376  
**TOTAL:** \$21,208

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3,916 square foot parcel of land improved with a 50-year-old, one-story, masonry, single-family dwelling, containing 1,376 square feet of living area. The property is located in Chicago, South Chicago Township, Cook County and is a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the bases of the appeal. In support of its overvaluation argument, the appellant submitted sales information of four comparable properties that sold between January and July 2018 for prices ranging between \$135,000 and \$219,000, or from \$119.76 to \$154.13 per square foot of living area. The comparable sales properties had one-story dwellings of either masonry, frame, or masonry and frame construction, and between 1,012 and 1,575 square feet of living area. In Section II of the appeal form, the appellant stated that the subject is owner-occupied.

In support of its assessment inequity argument, the appellant submitted information on nine suggested equity comparables. They were each improved with a one-story, single-family dwelling, of masonry, frame, or masonry and frame construction. They ranged in size between 1,040 and 1,478 square feet of living area and in improvement assessment between \$6.85 and \$9.51 per square feet of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$19,223.

The board of review submitted its "Board of Review Notes on Appeal" depicting a total assessed valuation of \$22,087, with an improvement assessment of \$14,255, or \$10.36 per square feet of living area. The subject's assessment reflects a market value of \$220,870, or \$160.52 per square foot of living area when applying the level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted four comparable properties. The comparable properties were one-story, single-family dwellings of masonry construction and ranged in size between 1,040 and 1,129 square feet of living area and in assessment between \$10.45 and \$13.23 per square foot of living area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appellant's sale comparables #1, #2, and #4. These properties sold in 2018 for prices ranging between \$160,295 and \$219,000, or from \$119.76 to \$154.13 per square foot of living area. The subject's current assessment reflects a market value above the market value established by the best comparables in this record. Based on this record, the Board finds the appellant has proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is warranted. The Board finds the subject property is now fairly and equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
