

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Halina Darr  
DOCKET NO.: 18-48234.001-R-1  
PARCEL NO.: 10-31-408-029-0000

The parties of record before the Property Tax Appeal Board are Halina Darr, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,398  
**IMPR.:** \$24,213  
**TOTAL:** \$33,611

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry construction with 1,313 square feet of living area. The dwelling is 92 years old. Features of the home include a full basement and a one-car garage. The property has a 5,874 square foot site located in Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity, recent sale, and comparable sales as the bases of the appeal. In support of these arguments, the appellant submitted sale and equity information for the subject and four comparable properties. In addition, the appellant submitted a statement that the subject needs a new roof as well as repairs and updating.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,611. The subject's total assessment reflects a market value of

\$336,110 or \$255.99 per square foot of living area, including land, when applying the 2018 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject property has an improvement assessment of \$24,213 or \$18.44 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables and four sale comparables.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4 and the board of review's comparables #1, #2, #3, and #4. These comparables had improvement assessments that ranged from \$17.91 to \$21.97 per square foot of living area. The subject's improvement assessment of \$18.44 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant submitted evidence that the subject was purchased in 1981. The appellant also submitted evidence of four comparable sales that occurred from 1988 to 2014. The Board finds the sale date of the subject and sale dates of the comparable sales are too distant in time, from the assessment date at issue, to be useful in determining the subject's market value as of January 1, 2018. The Board finds the best evidence of market value to be the board of review's comparable sales #1, #2, #3, and #4. These comparables sold in 2018 for prices ranging from \$320.00 to \$421.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$255.99 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
