

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ravi Kumar Vala  
DOCKET NO.: 18-48380.001-R-1  
PARCEL NO.: 07-18-409-015-0000

The parties of record before the Property Tax Appeal Board are Ravi Kumar Vala, the appellant(s), by attorney Andrew S. Dziuk, of Andrew Dziuk, Esq. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,444  
**IMPR.:** \$21,411  
**TOTAL:** \$25,855

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 40-year-old, two-story, single-family dwelling of frame construction with 1,776 square feet of living area. Features of the home include: a partial basement with a formal recreation room, air conditioning, and a two-car garage. The property has an 8,081 square foot site and is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. They were improved with a two-story, single-family dwelling of frame construction. The improvements were 1,764 square feet and ranged: in age from 40 to 41 years and in improvement assessment from \$11.45 to \$11.49 per square foot of living area. One of the

comparable properties had an unfinished partial basement, one of the comparable properties had a crawl space, and one of the comparable properties had a slab foundation. Additionally, two of the comparable properties had air conditioning and one of the comparable properties had a two-car garage.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,855. The subject property has an improvement assessment of \$21,411 or \$12.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with a two-story, single-family dwelling of frame construction. The comparable properties were located within the same block as the subject property. The improvements were each 40 years old and ranged: in size from 1,774 to 1,821 square feet of living area; and in assessment from \$13.12 to \$14.51 per square foot. One of the comparable properties had a slab foundation, one of the comparable properties had an unfinished partial basement, one of the comparable properties had a crawl space, and one of the comparable properties had a partial basement with a formal recreation room. Additionally, each of the comparable properties had air conditioning and a two-car garage.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the *board of review comparables #1, #2, #3, and #4*. These comparables had improvement assessments that ranged from \$13.12 to \$14.51 per square foot of living area. The subject's improvement assessment of \$12.06 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
