

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig Rook
DOCKET NO.: 18-49052.001-R-1
PARCEL NO.: 02-29-101-008-0000

The parties of record before the Property Tax Appeal Board are Craig Rook, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,998
IMPR.: \$42,502
TOTAL: \$48,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Property Tax Appeal Board (PTAB) pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 2,720 square feet of living area. The dwelling is approximately 40 years old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces, and a two-car garage. The property has a 39,988 square foot site and is located in Inverness, Palatine Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends, in part, the assessment of the subject property as established by the decision of the Property Tax Appeal Board for the 2016 tax year under Docket Number 16-23241.001-R-1 should be carried forward to the 2018 tax year pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185). The Board also takes judicial notice that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for

the 2017 tax year under Docket Number 17-45525.001-R-1. In these appeals, the Board lowered the total assessments of the subject property to \$48,500 based on agreements between the parties. The appellant submitted a copy of the 2016 final decision by the Property Tax Appeal Board. In addition, the appellant disclosed the subject property is an owner-occupied residence.

Alternatively, the appellant disclosed the purchase of the subject property by the appellant on January 1, 2015 for a sale price of \$382,350. In addition, the appellant also submitted information on four equity comparables, one of which is located in the same neighborhood code as the subject. The comparables are class 2-04, one-story dwellings with frame, masonry, or frame and masonry exterior construction. The comparables have varying degrees of similarity to the subject property in age, dwelling size, and other features. These properties have improvement assessments ranging from \$38,505 to \$45,863 or from \$14.69 to \$16.66 per square foot of living area.

In a legal brief, the appellant's attorney contends that since the time of the 2016 assessment reduction there have been no capital improvements made to the property which would materially increase the market value. Based on this evidence, the appellant's attorney requested the subject's assessment be revised so as not to exceed the PTAB's 2016 assessment of \$48,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$51,476. The subject property has an improvement assessment of \$45,478 or \$16.72 per square foot of living area. The board of review also reported that 2016 was the beginning of the subject's general assessment cycle and that no equalization factor was applied in 2018.

In support of its contention of the correct assessment, the board of review submitted information on three properties with equity data and sales data on two of the comparables. The comparables are located within the same neighborhood code as the subject. The comparables are class 2-78, two-story dwellings with masonry or frame and masonry exterior construction. The comparables have varying degrees of similarity to the subject property in dwelling size and other features. The comparables have improvement assessments ranging from \$46,192 to \$51,045 or from \$14.70 to \$15.12 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant, in part, raised a contention of law asserting that the assessment of the subject property as established by the Property Tax Appeal Board for the 2016 tax year should be carried forward to the 2018 tax year pursuant to section 16-185 of the Property Tax Code. (35 ILCS 200/16-185). When a contention of law is raised the burden of proof is a preponderance of the evidence. (See 5 ILCS 100/10-15). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted on this basis.

In addition, the Board finds the appellant's contention of law argument regarding section 16-185 of the Property Tax Code (35 ILCS 200/16-185) is controlling in this matter. Therefore, in light of this finding, the PTAB finds it does not need to further address the appellant's other arguments.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2016 and 2017 tax years under Docket Numbers 16-23241.001-R-1 and 17-45331.001-R-1. In these appeals, the Property Tax Appeal Board issued decisions lowering the subject's total assessment to \$48,500. The record disclosed the subject property is an owner-occupied dwelling and that the 2016 through 2018 tax years are in the same general assessment period for Palatine Township. The record contains no evidence indicating the subject property sold in an arm's length transaction after the Board's decisions, or the decisions of the Property Tax Appeal Board have been reversed or modified upon review. For these reasons, the PTAB finds a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's prior years' decisions, plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
