

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Marroquin  
DOCKET NO.: 18-49070.001-R-1  
PARCEL NO.: 13-24-304-052-0000

The parties of record before the Property Tax Appeal Board are Daniel Marroquin, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,128  
**IMPR.:** \$39,622  
**TOTAL:** \$42,750

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story dwelling with 1,762 square feet of living area of masonry construction. The dwelling was constructed in 2007. Features of the home include a full unfinished basement with a slab foundation, central air conditioning, and a two-car garage. The property has a 1,422 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on one comparable sale located within the same Townhome Association as the subject property. The comparable property sold May of 2017. The comparable property had a market value of \$450,000; a living square footage of 1,762; and a market value

per square foot of \$255.39. In addition, the appellant included an allocated sale price for each comparable, deducted 5% personalty, and applied an 8.2% assessment level.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$42,750. The subject's assessment reflects a market value of \$427,500 or \$242.62 per square foot of living area, including land, when applying the three-year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The comparable properties sold between August of 2015 and June of 2018. The comparable properties ranged: in market value between \$446,000 to \$450,000; and in market value per square foot between \$253.12 to \$255.39. The comparable properties all contained 1,762 square feet of living area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

Regarding the appellant's deduction of 5% for personalty, the Board finds that there was no evidence submitted to show that personal property was included in any of the sale transactions, and that no deduction is warranted for this factor. Additionally, the Board finds that it is not authorized to apply an assessment level to the subject property other than the 10% assessment level found in the Cook County Real Property Assessment Classification Ordinance. Furthermore, the Board accords no weight to the appellant's argument and analysis utilizing the "allocated sales price." The appellant provided no statute or caselaw which would allow the Board to determine if such an analysis should be utilized.

The Board finds the best evidence of market value to be both the *appellant's comparable sale*. Th comparable sold for \$255.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$242.62 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
