

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sara Stone & Daniela Ladner  
DOCKET NO.: 18-50338.001-R-1  
PARCEL NO.: 14-33-102-028-0000

The parties of record before the Property Tax Appeal Board are Sara Stone & Daniela Ladner, the appellant(s), by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,980  
**IMPR.:** \$175,172  
**TOTAL:** \$210,152

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2018 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 130-year-old, three-story building of masonry construction containing 4,122 square feet of gross building area. Features of the subject include a full finished basement, central air conditioning, two fireplaces and a two-car garage. The property is situated on 3,180 square feet of land in North Chicago Township, Cook County. It is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity and overvaluation as the bases of the appeal. In support of the assessment inequity argument, the appellant submitted information on eight suggested equity comparable properties. In support of the overvaluation argument, the appellant submitted information on 16 suggested comparable sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$210,152. The subject property has an improvement assessment of \$175,172, or \$42.50 per square foot of living area. The subject's assessment reflects a market value of \$2,101,520, or \$509.83 per square foot of living area including land, when applying the 2018 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparable properties and on two suggested sale comparable properties.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant resubmitted the "Market Value Equalization" analysis with an adjustment based on suggested comparable properties. The appellant reaffirmed the request for an assessment reduction.

### **Conclusion of Law**

The Board finds the appellant failed to establish the admissibility of and to lay a foundation for the adjustments in the "Market Value Equalization" analysis. Therefore, the Board gives them no weight. However, the Board may consider the raw, unadjusted sale data.

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question and recommended not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable(s) #1, #2, #3, #7, #8, #9, #12, #14 and #16, and the board of review's comparable(s) #1 through #3. These comparables had improvement assessments that ranged from \$19.54 to \$49.21 per square foot of gross building area. The subject's improvement assessment of \$42.50 per square foot of gross building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment based on assessment inequity is not justified.

The appellant also contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales

or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparable sale(s) #1, #2, #3, #7, #8 #9, #12, #14 and #16, and the board of review comparable sale(s) #1. These comparables sold for prices ranging from \$273.57 to \$602.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$509.83 per square foot of living area including land, which is within the range established by the best comparable sales in this record. Based on this evidence, the Board finds a reduction in the subject's assessment based on overvaluation is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
