

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ryan IIiff  
DOCKET NO.: 19-00419.001-R-1  
PARCEL NO.: 19-09-19-405-024-0000

The parties of record before the Property Tax Appeal Board are Ryan IIiff, the appellant, by attorney Kristin Kladis, of Kladis Law, PC in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$17,461  
**IMPR.:** \$155,109  
**TOTAL:** \$172,570

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and brick exterior construction with 3,275 square feet of living area. The dwelling was constructed in 2015. Features of the home include a 1,486 square foot basement, central air conditioning, a fireplace and a 772 square foot garage.<sup>1</sup> The property has a 12,602 square foot site and is located in Mokena, Frankfort Township, Will County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of brick exterior construction that range in size from 3,247 to 3,836 square feet of living area. The homes are either 9 or 11 years old and have other

features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$133,498 to \$163,312 or from \$40.39 to \$42.57 per square foot of living area.

Based on this evidence the appellant requested that the subject's total assessment be reduced to \$158,286.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,570. The subject property has an improvement assessment of \$155,109 or \$47.36 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are two-story dwellings of brick exterior construction that range in size from 3,066 to 3,293 square feet of living area. The homes are either 2 or 4 years old and have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$147,266 to \$158,169 or either \$47.61 or \$48.03 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board finds all of the comparables submitted are similar to the subject in location, style and some features. However, the appellant's comparables are older than the subject and two of the board of review's comparables are newer than the subject. Nevertheless, the parties' comparables have improvement assessments ranging from \$133,498 to \$163,312 or from \$40.39 to \$48.03 per square foot of living area. The subject's improvement assessment of \$155,109 or \$47.36 per square foot of living area falls within the range established by the parties' comparables. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
