

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jill Vargas
DOCKET NO.: 19-00487.001-R-1
PARCEL NO.: 16-05-11-301-006-0000

The parties of record before the Property Tax Appeal Board are Jill Vargas, the appellant; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,893
IMPR.: \$94,491
TOTAL: \$111,384

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick construction with 3,174 square feet of living area. The dwelling was constructed in 1996. Features of the home include a full basement, central air conditioning, a fireplace and a 706 square foot, 3-car, attached garage.¹ The property is located in Homer Glen, Homer Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales that are located in Homer Glen. The comparables are described as "Split Level" or "Split-level w/ Sub" dwellings that range in size from 1,731 to 2,677 square feet of living area and have other features with varying degrees of

¹ The Board finds the subject is a two-story dwelling with a 3-car garage based on the photographs and the sketch of the subject's improvements submitted by the board of review.

similarity to the subject.² The comparables sold from September 2016 to August 2019 for prices ranging from \$265,000 to \$325,000 or from \$104.59 to \$171.58 per square foot of living area, including land. Based on this evidence the appellant requested that the subject's total assessment be reduced to \$96,570.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$111,384. The subject's assessment reflects a market value of \$333,785 or \$105.16 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Will County of 33.37% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located in Homer Glen and from .21 to .52 of a mile from the subject. The comparables are two-story dwellings that range in size from 2,430 to 3,002 square feet of living area and have other features with varying degrees of similarity to the subject. The comparables sold from June 2017 to August 2018 for prices ranging from \$320,000 to \$329,900 or from \$106.60 to \$133.74 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 10 comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable sales due to their differences in size and/or style, when compared to the subject. The Board finds the board of review's comparables were more similar to the subject in location, style, size and features. However, the board of review's comparables are all smaller than the subject and have smaller basements, when compared to the subject's basement. Nevertheless, the best comparables sold for prices ranging from \$320,000 to \$329,900 or from \$106.60 to \$133.74 per square foot of living area, including land. The subject's assessment reflects a market value of \$333,785 or \$105.16 per square foot of living area, including land, which falls slightly above the range established by the best comparable sales in this record on a total market value basis but below the range on a per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their smaller dwelling size and basement size, the Board finds the subject's slightly higher overall value is supported.

Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

² The appellant did not disclose the size of comparable sale #4, however, the Board has obtained the size from the board of review's grid analysis of the appellant's comparables, which reflected different dwelling sizes for the comparables as those reported by the appellant.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
