

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amanda Dore  
DOCKET NO.: 19-00616.001-R-1  
PARCEL NO.: 30-07-08-403-010-0000

The parties of record before the Property Tax Appeal Board are Amanda Dore, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the Will County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,386  
**IMPR.:** \$69,309  
**TOTAL:** \$79,695

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,984 square feet of living area. The dwelling was constructed in 1916. Features of the home include a full basement and two detached garages with a total of 412 square feet of building area.<sup>1</sup> The property has a 7,405 square foot site and is located in Joliet, Joliet Township, Will County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable sales located from .12 to .88 of a mile from the subject property, two of which are within the subject's neighborhood. The comparables are improved with two-story dwellings that range in size from 1,610 to 2,350 square feet of living area. The dwellings were built from 1900 to 1929. Each comparable has a full basement, one comparable has central air conditioning, three comparables each have one fireplace and each

comparable has a garage that ranges in size from 484 to 960 square feet of building area. The appellant did not provide the site size, exterior construction or basement finish, if any, of the comparables. The properties sold from July 2018 to July 2019 for prices ranging from \$91,250 to \$218,000 or from \$41.74 to \$109.32 per square foot of living area, including land. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$44,773, which would reflect a market value of \$134,332 or \$67.71 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,695. The subject's assessment reflects a market value of \$238,822 or \$120.37 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Will County of 33.37% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review submitted a letter prepared by the Joliet Township Assessor. The assessor argued that only two of the appellant's comparables are in the subject's neighborhood, while the remaining appellant's comparables are from lessor neighborhoods.

In support of its contention of the correct assessment the board of review, through the township assessor, submitted information on three comparable sales located within the subject's neighborhood. The comparables have sites that range in size from 6,534 to 10,890 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction that range in size from 1,680 to 2,160 square feet of living area. Each comparable has a full unfinished basement, two comparables have central air conditioning, two comparables each have one fireplace and each comparable has a garage that ranges in size from 576 to 704 square feet of building area. The properties sold from November 2017 to March 2020 for prices ranging from \$245,000 to \$264,000 or from \$115.97 to \$145.83 per square foot of living area, including land. As part of its submission, the board of review provided a map of both parties' comparables in relation to the subject property. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant argued that the board of review states that the appellant's comparable sales are inferior but gives no explanation as to why they are inferior and provides no evidence thereof. Counsel critiqued the board of review comparables and asserted that the 2016 sale dates of board of review comparables #1 and #2 are too remote in time to establish market value as of January 1, 2019.<sup>2</sup> Counsel also asserted that board of review comparable #3 is 19% larger than the subject and has a larger garage. In a rebuttal grid analysis, counsel reiterated that the appellant's comparable sales #3, #5 and #6, along with board of review comparable sale #2 are the best comparable sales in the record and contended the subject's assessment should be reduced.

---

<sup>2</sup> The Board finds the best evidence of the board of review comparables' sales dates are found in the property record cards provided by the board of review which depicts the recorded document number, type of deed, sale date and sale price for each of these comparables.

**Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 12 suggested comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #3 through #9 as their locations are more distant from the subject than the other comparables in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2, along with the board of review comparable sales #1, #2 and #3. These comparables are relatively similar to the subject in location, dwelling size, design, age and features, except two comparables have central air conditioning and three comparables each have a fireplace, not features the subject enjoys. These most similar comparables sold within 14 months of the assessment date at issue or from November 2017 to March 2020 for prices ranging from \$176,000 to \$264,000 or from \$94.21 to \$145.83 per square foot of living area, including land. The subject's assessment reflects a market value of \$238,822 or \$120.37 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
