

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William and Shirley Plocinski
DOCKET NO.: 19-02268.001-R-1
PARCEL NO.: 12-09-451-003

The parties of record before the Property Tax Appeal Board are William and Shirley Plocinski, the appellants, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Kane County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Kane** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,227
IMPR.: \$116,425
TOTAL: \$151,652

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Kane County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and aluminum exterior construction with 3,460 square feet of living area. The dwelling was constructed in 1990. Features of the home include a 1,491 square foot basement, central air conditioning, two fireplaces and a 3-car garage. The property is located in Geneva, Geneva Township, Kane County.

The appellants contend assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellants submitted information on three suggested equity comparables. The comparables are two-story dwellings containing from 3,490 to 4,010 square feet of living area. The homes were built between 1991 and 1994 and have other features with varying degrees of similarity to the subject. The comparables have improvement

assessments ranging from \$100,034 to \$124,730 or from \$25.33 to \$32.40 per square foot of living area.

Based on this evidence the appellants requested that the subject's total assessment be reduced to \$137,677.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$151,652. The subject property has an improvement assessment of \$116,425 or \$33.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables that are located from .17 to .62 of a mile from the subject property. The comparables are two-story dwellings containing from 3,454 to 3,460 square feet of living area. The homes were built in either 1993 or 1994 and have other features with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$155,597 to \$173,741 or from \$34.85 to \$40.09 per square foot of living area.

Based on this evidence the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellants' comparable #3, as well as the board of review's comparables. These comparables are most similar to the subject in location, style, age, size and most features. These most similar comparables have improvement assessments ranging from \$113,090 to \$173,741 or from \$32.40 to \$40.09 per square foot of living area. The subject's improvement assessment of \$116,425 or \$33.65 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds that the subject's improvement assessment is supported. The Board gives less weight to the appellants' comparables #1 and #2 due to their differences in dwelling size, when compared to the subject property. Based on this record the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
