

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Goss  
DOCKET NO.: 19-03673.001-R-1  
PARCEL NO.: 16-28-119-011

The parties of record before the Property Tax Appeal Board are Scott Goss, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,500  
**IMPR.:** \$302,880  
**TOTAL:** \$354,380

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2.5-story dwelling of wood siding exterior construction with 4,002 square feet of living area. The dwelling was constructed in 2007. Features of the home include a full unfinished basement, central air conditioning and an attached garage with 706 square feet of building area. The property has a 10,123 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located within the same assessment neighborhood as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 4,023 to 4,251 square feet of living area. The dwellings were built from 1998 to 2017. Three comparables have either a full or a partial basement with two comparables having finished area and one comparable has a concrete-slab foundation. Each comparable has central air conditioning, either one or two fireplaces and an attached garage ranging in size from 638 to 758

square feet of building area. The comparables have improvement assessments that range from \$230,731 to \$247,718 or from \$56.29 to \$58.98 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$231,115 or \$57.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$354,380. The subject property has an improvement assessment of \$302,880 or \$75.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted the subject's property record card and a grid analysis of five suggested equity comparables located within the same assessment neighborhood as the subject property. The board of review comparable #2 is the appellants comparable #4. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 4,009 to 4,050 square feet of living area. The dwellings were built from 2003 to 2011. Each comparable has a full basement with two comparables having finished area. Each comparable has central air conditioning, one or two fireplaces, and an attached garage ranging in size from 506 to 1,195 square feet of building area. The comparables have improvement assessments ranging from \$238,471 to \$350,235 or from \$58.98 to \$87.36 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables #1, #2 and #3 along with the board of review comparables #1 and #3 based on their finished basement area or concrete slab foundation when compared to the subject.

The Board finds the best evidence of assessment equity are the appellant's comparable #4/board of review comparable #2 along with by the board of review comparables #4 and #5. These comparables have varying degrees of similarity when compared to the subject in age, dwelling size and features. These comparables have improvement assessments ranging from \$238,471 to \$350,235 or from \$58.98 to \$87.36 per square foot of living area. The subject's improvement assessment of \$302,880 or \$75.68 per square foot of living area falls within the range established by the best comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
